

Stand construction information

■ Stand equipment

There are two different stand options in the Newcomers, Start-ups & Locals area. Please check exactly which stand type is on your stand confirmation and whether you have ordered this stand.

All stands include stand construction, stand walls, carpet, power supply and adequate lighting.

■ Start-up-stand (white walls)

This stand has white walls with a wall height of 1.60 m and a stand size of 9 m² (3 x 3 m).

Please note that the stand height may not be built over!

Basic furnishings in form of a counter and two bar stools are available.

■ Individual stand wood look (walls in wood look)

This stand has wood-look walls with a stand height of 2.30 metres. The stand dimensions of your stand can be found in the enclosed stand confirmation. Please note that the stand height of your stand may not be built over.

Your company name will be displayed on a mobile stand sign. Please make sure that you leave this sign at the stand during dismantling and do not take it with you by mistake.

■ Decoration and mounting

Please ensure that walls and stand equipment are not damaged.

All objects attached to the stand must be removed by the exhibitor at the end of the trade fair without leaving any residue. (Double-sided) tape can be used to decorate the stand. Tesa Poster Power Stripes are best suited as they can be removed without leaving any residue.

Alternatively, customised **wall hooks** can be rented.

Product features Wall hooks:

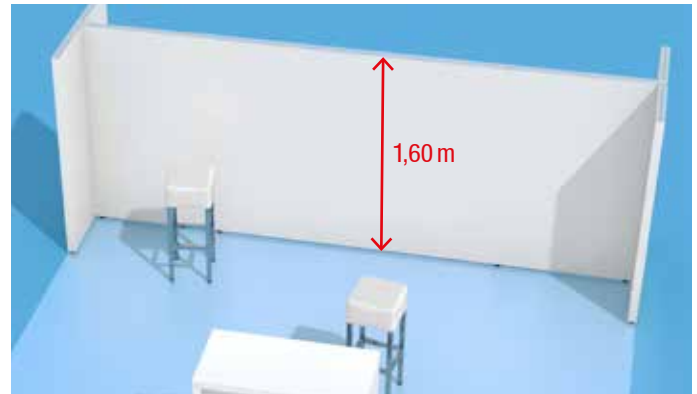

- Stainless steel with felt glide on the inside
- Fits precisely into the upper groove of the stand profile
- Load capacity up to 1 kg per hook and a maximum of 4 hooks per metre

Area of application:

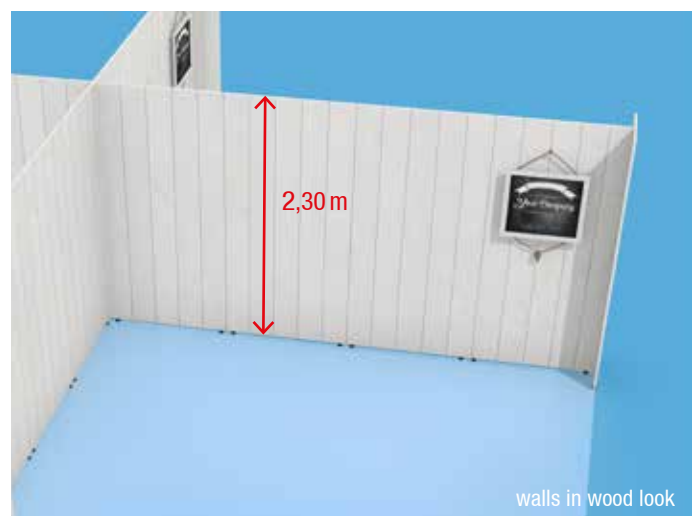

- Mounting of signs and decorations exclusively on TrendSet stand construction system walls.
- Rental price: 2.00 EURO/pc. incl. VAT.

The item is available on site from the TrendSet exhibition management during set-up.

Basic equipment start-up stand (maximum 2 trade fair participations)

Individual stand

■ Additional furniture

You can either bring additional furniture with you or order it within the Technical Order Booklet for Newcomers, which you will find online in the **TrendSet Center** from week 14.

■ Carpet

In order to protect the carpet from soiling during assembly, it will be covered with a film. This will be removed by TrendSet in good time after assembly and before the start of the trade fair.
